GLOBAL STONE TECHNOLOGY FORUM

An International Stone Technology Conference

3-4 May 2023 at

Conference Hall, Marble Gangsaw Association, Rajsamand, Rajasthan

FOCUS AREAS

- Innovative and latest mining and processing equipment and technologies
- Restoration of fractured blocks by Vacuum bag
- Robotic Technology in stone processing
- CNC and Water Jet cutting Machines and other value added machines
- Multi wire processing machines
- Machines for block handling and transportation
- Advancements in Resin plants and Line polishing machines
- Latest surface finishes and technologies/equipment for achieving the same
- Gainful utilization of Stone wastes & slurry
- New technologies in stone cladding
- Chemicals and other consumables for stone surface treatment
- Value addition in stones & Stones in architecture
- Ready to use stone slabs and tiles

SCOPE

- The Quarry operators and machinery manufacturers
 - Stone processors and machinery manufacturers
 - Exporters & importers of natural stones
 - Stone technology scientists/engineers
 - Stone technology suppliers/players
 - Stone installation experts & consultants
 - Architects & Landscape designers
 - Interior designers & Civil engineers
 - Builders & township developers
- buzzword
