## GLOBAL STONE TECHNOLOGY FORUM

An International Stone Technology Conference

Connecting Technology with Stones

3-4 May 2023, Conference Hall, Marble Gangsaw Association  
Rajsamand, Rajasthan

## GLOBAL STONE TECHNOLOGY FORUM

Global Stone Technology Forum (GSTF) has been conceived as an International Stone Technology Conference on latest and innovative technological trends in dimensional stone sector. GSTF is an ideal platform for users and producers of dimensional stones besides other stakeholders like technology and machinery suppliers, architects, engineers and builders etc. to interact with each other and share their experience for the benefit of all participants. 9th edition of the Forum is scheduled to be organized by CDOS & RIICO during May 3-4, 2023 at Conference Hall, Marble Gangsaw Association, Rajsamand, Rajasthan. FICCI is the co-organiser of the event.

# TECHNOLOGY IS THE BUZZWORD OF CONFERENCE

## THEME

As Technology is the buzzword of this conference, the theme would encompass latest technological advancements & developments in dimensional stone industry covering pertinent topics through audio-visual presentations by sector experts and eminent personalities. Some other areas and topics relating to newer trends of marketing, stone applications, architectural usage, utilization of waste and stone slurry are also proposed to be included.

## Following focus areas have been identified:

- Innovative and latest mining and processing equipment and technologies
- Robotic Technology in stone processing/ value addition
- CNC and Water Jet cutting Machines and other value added machines
- Multi wire processing machines for granite processing
- Machines for block handling and transportation
- Material handling solutions
- Advancements in Resin plants and Line polishing machines
- Latest surface finishes and technologies/ equipment for achieving the same
- Gainful utilization of Stone wastes & slurry
- New technologies in stone cladding
- Chemicals and other consumables for stone surface treatment
- Value addition in stones
- Stones in architecture
- Ready to use stone slabs and tiles
- Restoration of fractured blocks by vaccum.

## Who should attend?

- Quarry operators and machinery manufacturers
- Stone processors and machinery manufacturers
- Exporters & importers of natural stones
- Stone technology scientists/engineers
- Stone technology suppliers/players
- Stone installation experts & consultants
- Architects
- Manufacturers, Traders & Users of stone related machineries & equipments, tools abrasives, chemicals & consumables
- Civil engineers
- Builders & township developers

## Why you should attend?

- Learn about future technology trends
- Technology adaptation and up-gradation
- Know the research & development activities
- Opportunity to meet & network with all the stakeholders across the globe
- Upgrade your knowledge about the new market trends

Centre for  
Development of Stones

**Centre for Development of Stones (CDOS)** has been conceived as a Centre of Excellence to act as a reference point for the entire dimensional stone industry and to serve as a catalyst for synergetic relationship between its various segments. It is the only organisation of its kind covering the entire gamut of the dimensional stone sector in India. A large number of members of trade & industry are active members of CDOS. CDOS complex with state-of-the-art facilities is situated at Jaipur, the capital of Rajasthan province of India. Rajasthan State Industrial Development Investment Corporation Ltd. (RIICO) has been supporting CDOS in all its activities.

Established in 1927, FICCI is the largest and oldest apex business organisation in India. Its history is closely interwoven with India's struggle for independence, its industrialization, and its emergence as one of the most rapidly growing global economies.

A non-government, not-for-profit organisation, FICCI is the voice of India's business and industry. From influencing policy to encouraging debate, engaging with policy makers and civil society, FICCI articulates the views and concerns of industry. It serves its members from the Indian private and public corporate sectors and multinational companies, drawing its strength from diverse regional chambers of commerce and industry across states, reaching out to over 2,50,000 companies.

FICCI provides a platform for networking and consensus building within and across sectors and is the first port of call for Indian industry, policy makers and the international business community.
